

## The Necessary Proof of Faith

To some, faith is an enigma or an untouchable substance like air. The Scriptures, however, declare that Christian faith can be seen touched and felt. In other words, if you have faith, it should be obvious.

Scripture(s): James 2:14-26

I. The first proof that faith must transform how we live with others is the practical example of love without

\_\_\_\_\_. It makes no practical sense for a real faith to have no effect on how we \_\_\_\_\_ with others.

✓ Don't say you love others unless you \_\_\_\_\_ in their lives.

II. The second proof that faith must transform how we live with others is a realistic example of spirit and \_\_\_\_\_. Lived out faith separates the real from the \_\_\_\_\_.

✓ Do not accept the lie of \_\_\_\_\_ faith.

III. The third proof that faith must transform how we live with others is the historical example of faith \_\_\_\_\_ people. No real man or woman of faith has ever been known solely for their \_\_\_\_\_ about faith.

✓ Live out your faith in such a way that others are \_\_\_\_\_ to Christ.

IV. The fourth proof that faith must transform how we live with others is a comparison with our \_\_\_\_\_ body. Dead faith is a poor \_\_\_\_\_, a poor \_\_\_\_\_, and a poor path to \_\_\_\_\_.

✓ Throw off the weight of dead faith and experience life's \_\_\_\_\_ by stepping out in faith now.

Remember this - Faith that does not \_\_\_\_\_ others is no faith at all.

Our challenge: Live out your faith by living out the real \_\_\_\_\_ of Jesus toward others.
